

## Getting Started with MyMath Lab (MML)

### Section 1 – New Students or those who do NOT have a MyMathLab Login Name

1. Before you begin you need to have the following items:

- **A Valid Email Address** *Don't have it yet?* Set up a free account on a web site that offers this service (for example, through Hotmail or Yahoo).
- **Course ID**  
The course ID, which is unique for each course.  
**For Math 0305 the course ID is <<skelly96396>>**
- **Student Access Code**  
If you purchased a new textbook, the MyMathLab access code was included.  
*Don't have it yet?*  
If your textbook was not bundled with a Student Access Code, you need to go online to purchase Student Access for this course. You will need a credit card number.

2. On an Internet-connected computer, click on the Internet Explorer icon.

Launch Internet Explorer Browser

3. Enter this URL: [www.mymathlab.com](http://www.mymathlab.com) OR [www.coursecompass.com](http://www.coursecompass.com) and click **Enter**.
4. On the next screen, choose: **Register**.
5. On the next screen, click: **Next**.
6. Enter your access code. It is normally pasted on the inside cover of your textbook.  
Open your student access code card by peeling back the strip to find your access code.

You can type the letters in lowercase or uppercase (example below).

\*\*If you do not have an access code, click on the button that says "Purchase an access code"

7. Enter **School Zip Code** as **76208**  
Enter **School Country** as **United States**. Click: **Next**.
8. On the next screen, enter your **course ID**. (Provided by Instructor - see above). Click: **Next**.
9. Complete the information on this page. Please use your email address as your **Login Name**, and an easy to remember **Password**, such as the last 4 digits of your social security number.  
For **School Name**, please select **North Central Texas College**, or **OTHER** if it is not listed.  
Click: **Next**.
10. That's it! You are now enrolled. Login and explore your Course Compass Course. For future sessions, return to [www.coursecompass.com](http://www.coursecompass.com) and choose "Log In". When you enter the site, click on the name of your course to access your material.

\*The first time you enter the site from your computer **and** anytime you use a new computer, click on the software **Installation Wizard** on the Announcements page or on the navigational buttons on the bottom left side of the screen. This wizard will walk you through the installation of the software you will need to use the MyMathLab resources. Note: The software may already be installed in the school lab. Check with your lab administrator.

\*Technical questions? Call Tech Support at 800-677-6337, Monday – Friday 8am – 8pm EST  
And Sunday 5 pm – 12 am EST, or email at <http://www.mymathlab.com/contactus.html>.

\*Additional help can be found on the Announcements page by clicking on Student Help or viewing the tip sheets.

## **Section 2 – Returning students who have a MyMathLab (MML) Login Name**

1. Before you begin you need to have the following items:
  - Your Valid MyMathLab **Login Name & Password**.
  - **Course ID** for your **new course** (provided by your instructor).

For **Math 0305** the course ID is <<skelly96396>>

2. On an Internet-connected computer, enter: [www.mymathlab.com](http://www.mymathlab.com) OR [www.coursecompass.com](http://www.coursecompass.com)

### **3a. For students who are already registered in a MyMathLab class :**

- 1) On the next screen, choose: **Log In**.
  - 2) On the next screen, enter your **Login Name** and **Password**. Click “**Login**”
  - 2) On the next screen, on left side click the button: **Enroll in a New Course**.
  - 4) On the next screen, click: **Continue**.
  - 5) On the next screen, re-enter your **Password**. Click: **Log In**.
  - 6) On the next screen, scroll down and click on the yellow button: **Enroll in a New Course**.
  - 7) On the next screen, enter your **course ID**. (Provided by Instructor - see above). Click: **Next**.
  - 8) On the next screen, click: **Next**. You are now enrolled in the new course! You will remain enrolled in your other course, so be sure to always select the correct one!
  - 9) If you want to use MyMathLab from home, be sure to use the MyMathLab Installation Wizard (accessible from the “Getting Started” page) after you login the first time from home.
- 

You will have a variety of learning tools that you can access:

#### **\*HOMEWORK**

- You will use this section to complete homework problems and get instant feedback.
- You may begin working on an assignment and come back to it later.
- You can keep trying different problems until it is correct.

#### **\*STUDY PLAN**

You can do additional practice on topics (organized by chapter and section) and find out where you are doing well and where you need to continue to practice.

#### **\*PRACTICE TESTS**

You may click on “Take a test” to try a practice test. These tests will not be for a grade, but you may use the feedback to help you study for the real thing.

#### **\*INTERACTIVE TEXT PAGES**

Listed under “Chapter content”, you may choose to watch a video tutorial, work practice exercises, or view an animation of the material. There are also Power Point presentations that you could use as an outline (notes) for each section.

Don't forget, MyMathLab includes **FREE** access to the Pearson Tutor Center.  
Toll free 888-777-0463, Sunday to Thursday 5pm – 12am EST.
