

# CUB COLLEGE

NCTC's Cub College is providing a diverse range of engaging opportunities for children of all ages. Participants will not only have fun, but also gain an understanding of the importance of teamwork and personal self-worth, while forging new friendships. To ensure a wholesome experience, classes at Cub College require a parent or guardian to accompany children under 18, allowing families to share in the enjoyment of these activities and create lasting memories together.

## DENTON CAMPUS

### **HUMMINGBIRD/ BLUE BIRD FEEDERS**

YTH.1000.1301

S | 9/16/23 | 9 - 11AM

A hands-on kids' class where children and their parents or guardians collaborate to build a birdhouse or feeder, fostering creativity, nature appreciation, and a sense of responsibility towards wildlife.
