

THE CREATIVITY AWARDS

AT NORTH CENTRAL TEXAS COLLEGE

The North Central Texas College Foundation and English Department will be hosting the first annual Creativity Awards Ceremony in April of 2023. For over four decades, the college has sponsored the April Perennial as the journal of arts and letters at NCTC. This year, we will be rebranding our magazine and slowly incorporating everything from poetry and short fiction, to art, music, creative nonfiction, drama, and more. Our goal is to support and encourage creativity of all types within our communities, celebrating the diverse work of every unique individual. We are thrilled to see what students and creators of all ages have to offer.

To make this transition, we are redesigning the way that sponsors are able to provide support. Through your donation, we will provide monetary awards for exceptional work, build a quality journal that will eventually be distributed to a wider audience, and put on an annual ceremony with a guest speaker to encourage continued creativity.

Please take a moment to look over the different sponsorship levels and the benefits included for each. If you are able to help, please complete the Sponsorship Agreement indicating at which level you are able to participate. We appreciate your consideration and support of this contest to help continue the legacy of creativity that runs deep in our communities.
